

# BIGSTONE CREE NATION PUBLIC WORKS

## Employment Opportunity

### Casual Excavator Operator

The Bigstone Cree Nation is seeking an experienced Excavator Operator to operate heavy equipment, ensuring that the operating safety policies and procedures are followed. The ideal candidate must be responsible, team-oriented and a self-motivated individual. The incumbent will be preparing and manipulating heavy equipment to ensure appropriate movement of materials, and liaising with coworkers to ensure that the projects are completed accurately. The incumbent will report to the Project Supervisor.

#### Duties and Responsibilities:

- Safety practices in the operating of a variety of light and heavy equipment
- Work effectively and cooperatively with other employees
- Perform preventive equipment maintenance to ensure proper operating of excavator
- Report any repair requirements of excavator machine to the supervisor
- Complete operational paperwork (reports, checklists, inspections, etc.) as directed by supervisor
- Work in a safe and productive manner, remaining constantly aware of site safety
- Ensure assigned routes are successfully completed in a timely manner
- Ensure that health and safety regulations are maintained on the work site, observing and raising awareness to their colleagues of any potential problems
- Flexible to work irregular hours
- Other duties assigned by supervisor and or Manager

#### Qualification and Certification:

- Valid Class 5 Driver's License
- Safety Tickets (First Aid, H2S, Ground Disturbance, W.H.I.M.I.S & TDG)
- Must have own Personal Protective Equipment
- Experience would be an asset
